

Mining Maintenance

**SPECIALISING IN ALL MACHINE AND
COMPONENT REPAIRS AND REBUILDS**

ABOUT US

ATS Mining Maintenance is a locally owned and operated business servicing the Goldfields for over 22 years. We specialise in all mining machinery and component repairs, rebuilds and supplying parts. We also have a large range of service exchange components on the shelf ready to go.

ATS Mining Maintenance has an excellent team of staff comprising of Fitters and Auto Electricians with extensive knowledge and experience of the mining industry. Our workshop located at 73 Leviathan St Boulder, is well equipped to take on any job required from jumbo rebuilds to servicing of light vehicles and anything in between. We also perform all sorts of auto electrical work ranging from a machine rewire to a general service. ATS are also equipped to service any on site requirements that you may have including labour hire.

Our hourly rates for the workshop and field service are the following;

Fitter	\$90.00
Auto Electrician	\$90.00
Component Fitter	\$85.00
Km Rate	\$1.20

If you would like any further information please don't hesitate to contact our office on 08 9093 4893.

Thank you for taking the time to consider our services. We look forward to hearing from you in the near future.

*Rates current as of March 2018 excludes gst
